**REPORT/ RECOMMENDATION TO THE BOARD OF COMMISSIONERS OF
ARAPAHOE COUNTY PUBLIC AIRPORT AUTHORITY AND
RECORD OF ACTION**

September 10, 2026

FROM: Luke Skaflen, Senior Business Support Specialist – Administration

SUBJECT: Continuation of Public Hearing on Application from AirCam National Helicopter Services, Inc., to conduct Helicopter Repair activities under Part 3, Section 3 of Centennial Airport's Minimum Standards for Commercial Aeronautical Activities.

RECOMMENDATION: Re-open public hearing, take any public comment, close the public hearing, and take no action, as staff requests pulling this item.

BACKGROUND: At the August 13, 2026 Board meeting, a public hearing was opened on behalf of AirCam National Helicopter Services, Inc. ("Applicant") to expand its services into a Helicopter Repair Station, as it already had an FAA 145 certificate.

Due to publication deadlines, notices were issued before the Applicant submitted all required documentation. The Applicant later advised that the certificate name may be changing. The Board agreed to pause the hearing to allow the FAA and Applicant time to resolve the issue and provide the necessary documents.

As of September 3, the Authority has not received an update on the certificate name change or the requested paperwork therefore staff requests pulling this item from further consideration. The Authority will advertise once all details and paperwork are finalized.

FINANCIAL DATA: Unknown at this time.
